Tri-State Band Judges has been asked to help with the classification of bands for the Applefest King Apple Parade. It is expected that this will result in an equal number of competing bands per class.

The formula used to determine classes will be based on both marching band size and school size (9-12). Band size will include **all** current marching band members (winds, percussion, color guard, honor guard, and drum majors) and will be assigned 33% weight in the formula. School size will account for 67%.

When registering for the Applefest King Apple Parade, band directors will be asked to submit this information based on their current band size and 9-12 school enrollment.
